

CHINESE LANGUAGE CENTER

ABOUT

In 1970, the Chinese Language Center (CLC) was established to cater to the needs of the foreign staff at the university, making it the first center of its kind in central Taiwan. The CLC has gained a reputation for its outstanding teachers, small class sizes, friendly learning environment, and positive student learning outcomes. Through engaging in cultural activities and interacting with native speakers, students have the opportunity to apply their Chinese language skills in real-life situations. Our mission is to assist students in achieving academic success and fostering a lifelong appreciation for the joy of language learning.
